PATH Intl. Names New Board President

Denver—The Professional Association of Therapeutic Horsemanship International has named Jim Harlan as the new PATH Intl. Board of Trustees President. Jim, the former PATH Intl. Board of Trustees Vice President, replaces Jody Enget.

Jim grew up on a small family owned cattle and horse ranch in California. In his early career he worked on cattle and horse ranches in California, Nevada and Idaho. Jim was then employed by the Arabian Horse Registry for 16 years. For his last 10 years at the AHR, he was Director of Member and Field Services. Jim is a horse owner, past president and active member of the Parker-Elizabeth (CO) Riding Club, and past president and past board member for the Douglas-Elbert County (CO) Horse Council.

Jim is the co-owner and President & Chief Executive Officer of MJM Global Search, Inc., an executive recruiting firm located in Parker, Colorado. Jim received his MBA degree from the University of Denver in Colorado. When he isn't finding talent for his clients, he is riding his horse in the national forests and on private ranches in beautiful Colorado.

About PATH Intl.:

Professional Association of Therapeutic Horsemanship International (PATH Intl.) was formed in 1969 to promote equine-assisted activities and therapies for individuals with special needs. At 850 member centers, more than 56,000 children and adults find a sense of independence through

involvement with horses. These member centers range from small, one-person programs to large operations with several certified instructors and licensed therapists. In addition to therapeutic equitation, a center may offer any number of equine-assisted activities including hippotherapy, equine-facilitated mental health, driving, interactive vaulting, trail riding, competition, ground work or stable management. Through a wide variety of educational resources, the association helps individuals start and maintain successful equine-assisted activities and therapies for individuals with special needs. There are nearly 52,000 volunteers, 4,232 instructors, 7,503 equines and thousands of contributors from all over the world helping people at PATH Intl. Centers.
