

Enter a New Arena!

Almost all program equines enter into equine-assisted activities and therapies (EAAT) when it's time to retire from a previous career. They've been show horses, family pets, racehorses, wild American Mustangs, etc. Last year, 7,800 equines partnered with 5,000 PATH Intl. Certified Professionals to assist 66,000 individuals as they strove to achieve their health and wellness goals.

Visit www.pathintl.org to find and contact centers near you.
They frequently need healthy, sound equines.
