

Upgrade Your PATH Intl. Membership

Select the membership tier that best meets your unique needs.

A few facts about the new membership tiers and upgrading your current membership:

1. Members whose membership expired after April 1, 2019 and who have already renewed may upgrade their membership to the professional or professional plus level, paying only the difference in cost. Your expiration date will remain the same.
2. The participating membership tier is equivalent in benefits to the individual and instructor membership. You do not need to upgrade to the participating membership as this is your current benefit level.
3. Those who choose to upgrade their membership online will start receiving the new benefits after their current membership expires.
4. Current PATH Intl. Instructor Members do not need to upgrade their membership to the professional membership to maintain your certification until the time of your next renewal.
5. As a reminder there are specific membership requirements for those holding a PATH Intl. Certification:
 - If you have transitioned and now have a current CTRI certification, membership is not a requirement of maintaining any certification that you hold. This includes ESMHL, advanced, master, driving or vaulting. You may renew your membership at any of the membership tiers.
 - If you are a registered, advanced or master instructor and have NOT transitioned to the CTRI you must renew at the Professional Membership tier to maintain your certification. You must also submit the compliance form to maintain your certification(s)
 - If you are ESMHL or driving certified ONLY (you are not a registered instructor), you must renew at the Professional Membership tier to maintain your certification. You must also submit the compliance form to maintain your certification.
