PATH Intl. Interactive Vaulting On-Site Certification

The PATH Intl. Interactive Vaulting Certification Subcommittee has developed criteria which outline the skills and knowledge an instructor must possess in order to achieve certification as a PATH Intl. Interactive Vaulting Instructor. *See the enclosed criteria.*

Criteria to apply for certification:

Prerequisites:

- Be a current PATH Intl. Certified Riding Instructor (Registered, Advanced or Master level)
- Be at least 21 years of age
- Complete a PATH Intl. Interactive Vaulting Workshop (cannot be completed consecutively with certification)

Additional Criteria:

- Have attended PATH Intl. Interactive Vaulting Workshop (within two years of application date)
- Have completed a minimum of 50 practice hours to include:
 - 20 hours teaching Interactive Vaulting
 - 30 hours lungeing*(You may not count hours twice, i.e. teaching hours cannot be counted for lungeing hours.)*

Regarding the VA1 Mandatory* Standard that reads:

Is there written evidence that all vaulting sessions are conducted or directly supervised by a Professional Association of Therapeutic Horsemanship International Certified Vaulting Instructor?

Interpretation: PATH Intl. Vaulting Instructor certification demonstrates compliance with this standard. The vaulting instructor must hold one level of PATH Intl. Riding Instructor certification before pursuing a PATH Intl. vaulting certification. "Directly supervising" means the instructor is at the activity site and is aware of and responsible for the program activity in the arena or on the premises.

This Standard is intended for centers that offer Interactive Vaulting as part of their EAAT's.

The lungeing and teaching hours required for the interactive vaulting certification do not need to be under the supervision of a mentor that holds a particular certification and/or particular credentials. Although Interactive vaulting sessions at PATH Centers must be under the direction of a PATH certified interactive vaulting instructor (as per VA1 Mandatory*), practice hours can be obtained if students are not participating. For example, interactive vaulting instructor candidates can accrue practice hours by teaching their peers (such as other TRI's) and volunteers during specifically designated practice periods. Candidates are encouraged to follow the guidance given at the interactive vaulting workshop as well as from the suggested resources within this booklet.

Submit PATH Intl. Interactive Vaulting Instructor Application to the host site including the following:*

- Submit Personal Resume (to include details of horsemanship, lungeing and interactive vaulting experience)
- Submit Professional Reference*
- Submit Personal Reference*
- Documentation of practice teaching interactive vaulting hours form
- Documentation of practice lungeing hours form
- Submit copy of current Adult/Child CPR certification card (front & back)
- Submit copy of current first-aid certification card (front & back)
- A application fee

*Use enclosed forms

Application Policies & Procedures

It is recommended that candidates do not make non-refundable travel arrangements until a confirmation letter or email is received with travel and lodging information from the host site.

- All application deadlines are set by the host site, please be sure you are aware of these.
- Application materials must be typed, or clearly written, and submitted to the host site in one complete package.
- All application materials become the property of PATH Intl.
- Minimum attendance for each Certification will be based on the format of Certification and will be determined by the host site, and evaluators on a case by case basis.
- If less than the minimum number of candidates registers for a location by the application deadline, the Certification may be canceled. Please ask the host site what their refund policy is.

Application Fee

The application fee for the Interactive Vaulting On-Site Certification is determined by the host site.

Accommodation Requests

Requests for an accommodation to any part of the process **must be made in writing and submitted to the PATH Intl. office 60 days prior to the certification.** All requests for accommodations will be reviewed by the PATH Intl. Interactive Vaulting Certification Subcommittee on an individual basis and applicants will be notified of the committee's decision. All requests relating to a medical reason need to have a medical note attached. For more information please contact the PATH Intl. office.

Evaluators will not be able to grant exemptions at the Certification!! Inability to complete ALL components of the certification, without previous approval from the PATH Intl. office, will be considered a withdrawal. The PATH Intl. application fee will not be refunded.

Medical Condition Policy

In the event of injury or medical condition that may not necessarily preclude the candidate from completing all portions of the Certification, but may affect participation in any way, it is recommended that the candidate seek the advice of a physician before participating in any activities that involve exercise, riding, handling or being near horses. It is also the responsibility of the candidate to make PATH Intl., the host site and Evaluators aware of such condition.

Cancellation Policy

Please ask the host site to see their refund and cancellation policy.

Appeal Process

1. If a candidate is found not ready for PATH Intl. Interactive Vaulting Instructor status and would like to appeal the results, a written request for appeal may be submitted to the PATH Intl. Interactive Vaulting Certification Subcommittee, care of the PATH Intl. office, within 15 working days of receipt of written notification. The request must state the reasons for the appeal.
2. The Interactive Vaulting Certification Subcommittee will review the letter, application materials, examinations and score forms from the Certification.
3. If the Interactive Vaulting Certification Subcommittee affirms the failing score, the candidate may appeal in writing to the Appeals Committee of the PATH Intl. Certification Oversight Committee.
4. The PATH Intl. Certification Oversight Committee will appoint, from the Certification Oversight Committee, an Appeal Committee of at least three members. The Appeal Committee will not include any current members of the Interactive Vaulting Certification Subcommittee.
5. The Appeals Committee will review the original application materials, examinations and score forms from the Certification. Updated or new information will not be taken into consideration.
6. The Appeals Committee will make its recommendation and the decision will be final.

PATH Intl. Interactive Vaulting Resubmission Policy

Video resubmissions accepted only if you fail ONE or BOTH components titled Interactive Vaulting Lesson/Teaching, and Compulsories. If you fail the lungeing you will not be allowed to re-submit by video.

Interactive Vaulting On-Site Certification Components:

1. Lungeing
2. Compulsories
3. Interactive Vaulting Lesson/Teaching

Fail Compulsory and/OR Lesson component- Resubmission by video – 12 months from results letter date to resubmit only failed component(s).

(Lungeing not applicable as candidate would have had to pass component in order to be evaluated for lesson component) If video is not received in the PATH Intl. office within the 12 month time frame the candidate forfeits all results and must attend the Interactive Vaulting Certification again. Workshop expiration date of 2 years still applies to candidates that have allowed the resubmission option to lapse (i.e. if you do not submit the video within 12 months and then decide to attend another certification to complete your process your workshop can not be more the 2 years old.)

Failed Lungeing Component will require resubmission only through on-site certification.

Resubmission done through:

On-Site Certification – Resubmit candidate form, application and fee due to host site for scheduled certification of candidate's choice. Participant will be given 24 months to attend another certification and complete all failing components if they are resubmitting via on-site certification.

Participant Previous results are valid for 24 months from the time the certification was completed by candidate, in order to resubmit component that was not passing (to include only compulsories & lesson components). Candidates have 24 months to resubmit the failing components. After 24 months, resubmission policy is null and void and candidate will have to complete entire certification again. Workshop expiration date of 2 years still applies to candidates that have allowed the resubmission option to lapse)*

** Resubmission policy reflects a 24 month resubmission timeframe period due to limited availability of on-site certifications. The final resubmission options will be stated on PATH Intl. final results letter.*

Compliance Process

If PATH Intl. Interactive Vaulting Instructor Status is achieved, instructors are required to submit the following information on an annual basis on their PATH Intl. Instructor membership renewal month:
